Disclaimer and Liability Waiver: You are strongly advised to consult a physician or other health care professional before starting this or any other fitness program. This is particularly true if you (or your family) have a history of high blood pressure, heart disease, cardiopulmonary disease or issues, or have ever experienced chest pain whether engaged in physical activity or not, or if you smoke, consume alcohol or other drugs (including medication), have high cholesterol, are obese, or have a bone or joint problem that could be made worse by a change in physical activity. Do not start this fitness program if your physician or health care provider advises against it. If you experience faintness, dizziness, pain or shortness of breath at any time while exercising you should stop immediately.

This guide offers information for educational purposes only. Nothing in this guide should be considered medical advice, and by using it you acknowledge this fact. **By using this guide, you agree not to hold Genesis Health System liable for any injury you or others may suffer.** You should not rely on this information as a substitute for, nor does it replace, professional medical advice, diagnosis, or treatment. If you have any concerns or questions about your health, you should always consult with a physician or other health-care professional. Do not disregard, avoid or delay obtaining medical or health related advice from a health-care professional because of something you may have read in this guide. The use of any information provided in this guide is solely at your own risk.

If you are in the United States and think you are having a medical or health emergency, call 911 immediately.
